Experience

Prologis  2011 – 2024

Graphic Design Manager — Global Marketing

Contributed to the management of the company's brand identity and style guidelines, ensuring consistency across the Fortune 500 company's projects.

Key member of the global marketing team that facilitated the company's transition and rebranding during a corporate merger and several brand refreshes throughout the years.

Worked directly with senior leadership at the New York Stock Exchange to create dynamic presentations and a variety of investor event materials.

Design lead and creative manager on the company's proxy statements, which received several Corporate Governance Award nominations for best proxy in the nation.

Collaborated with teams and executives as a creative lead on projects such as marketing campaigns, advertisements, research papers, company reports, financial documents, social media posts, and editable templates.

Presented design options and innovative project solutions to stakeholders that facilitated the selection of optimal strategies to best achieve business objectives and meet established requirements.

Supervised contractors, directed photo shoots, managed budgets, coordinated schedules, established deadlines, and communicated with vendors on various projects such as websites, annual reports, and videos.

Created high-quality data visualizations, graphics, animations, logos, and photographic images designed to be flexible across a range of projects.

Independent Contractor  2008 – 2011

Visual Communications and Marketing

Salesforce: Developed a PowerPoint presentation for the marketing department highlighting the Customer for Life Team and the company's professionals who support clients in achieving their business objectives.

Seattle's Best Coffee: Created a business strategy presentation for the company identifying key team professionals and incorporating diverse data visualizations to enhance audience understanding.

Krames Patient Education: Designed award-winning publications, directed photo shoots, managed art budgets, and led consultant reviews on products aimed at providing medical information and resources to patients.

Sharecare: Researched, curated, and edited stock photography to ensure alignment with medical content for the health organization's website and patient informational materials.

Satori's Circle: Created the organization's website and brand identity, with an emphasis on addressing the needs of underprivileged adolescent girls.
